

AMOKE DONALD

Full-Stack Developer

About Me

Full-stack developer with hands-on experience building scalable and high-performance web and mobile applications using JavaScript, TypeScript, React, Next.js, Node.js, and more. Proven ability to deliver solutions end-to-end—from idea to deployment—with a focus on performance, UX, and modern architecture. Currently freelancing and building SaaS products using cutting-edge tools like Bun/Hono, Drizzle ORM, and TanStack Router.
